Our school fees and other charges are quite reasonable with flexible payment terms yet we offer high quality education. Pupils are provided with porridge, lunch, clean and safe drinking water making them active throughout the day. Transport service is available for pupils residing far from the school surroundings. We warmly welcome you to join Safi Schools!

2. SCHOOL FEES & OTHER CHARGES FOR ACADEMIC YEAR 2026

Safi Schools is determined to set fees and other charges which strike a balance between parents' ability to pay and the ability of the school to run its programs smoothly.

For a pupil to be successful he/she must be having full set of books and he/she must attempt as many tests and examinations as possible. For the past years we have requested parents to buy books and bring photocopy, but the response has been negative. It is therefore decided that the cost of buying books and photocopying should be included in the main fees.

Special programs are set and implemented for examination classes namely IV and VII which call for extra charges. These charges include external examination fees, giving incentives to teachers for working long hours and weekends and for preparation of special meals and also graduation costs for standard VII.

The full fees and other charges for academic year 2026 are summarized in the table below:
